About Vocalzoom: Vocalzoom简介 :

Founded in 2010 in Israel, Vocalzoom (http://vocalzoom.com/) is leading a paradigm shift for the Industrial Internet of Things. Leveraging on its patented technology (holding more than 20 patents on its groundbreaking laser technology), Vocalzoom's sensors help to shape the Industrial Internet of Things. Vocalzoom products provide a lower cost of implementation and improve operational and technical efficiency. Designed for Industry 4.0, Vocalzoom's latest innovation addresses critical challenges in predictive maintenance, industrial automation, and quality inspection. The non-contact smart Autonomous Sensors works on any target: small, hot, wet, or moving, all with minimal infrastructure requirements. These sensors integrate with any cloud IoT platform, providing manufacturers with maximum flexibility and cloud IoT platforms with improved security, lower network traffic and storage, and enhanced performance.
The company is led by the Co-Founder & CEO Tal Bakish.

2010年成立于以色列的Vocolzoom (http://vocalzoom.com/)正引领工业物联网的典范转变。凭借其专利技术(拥有超过20项突破性激光技术专利)，Vocalzoom的传感器帮助塑造了工业物联网。Vocalzoom产品提供了较低的实施成本，并提高了操作和技术效率。Vocalzoom的最新创新专为工业4.0设计，解决了预测性维护、工业自动化和质量检测方面的关键挑战。非接触式智能自主传感器可以在任何目标: 小的、热的、湿的或移动的目标上工作，所有这些都只需要最低限度的基础设施要求。这些传感器与任何云物联网平台集成，为制造商提供最大的灵活性和提高了安全性，降低了网络流量和存储，并增强了性能的云物联网平台，。
该公司由联合创始人兼首席执行官塔尔·巴基什(Tal Bakish)领导。
